### Request for Feedback

I am interested in your reactions to the course, so far. Please take a few minutes to respond to this anonymous questionnaire. For the Comments it would be helpful for you to mention anything you'd like me to **start** doing, **continue** doing, or **stop** doing.

1) The lectures strike about the right balance between examples & theory:

Definitely NO       No       maybe       Yes       Definitely Yes       Unsure  
Comments:

2) There is enough opportunity for help outside the classroom (office hours, web pages, e-mail, daily SECC help sessions in 211a Old Chem, telephone, before/after class):

Definitely NO       No       maybe       Yes       Definitely Yes       Unsure  
Comments:

3) Any comments about the TA's (Yingbo, Lin, Angela, others in SECC)??

Comments:

4) Are the homework assignments too short/easy, too long/hard, or about right?

Way Too short       A little light       Fine       A bit long       Panic       Unsure  
Comments:

5) My midterm score was in the range (these are approximate quintiles, so there are at least 5 students in each range):

40-60       61-70       71-80       81-90       91-100       Unsure  
Comments:

6) If I could change one thing about the course, it would be:

(use back if you need more room, or want to make any other comments)
